

iPad Takes Flight! Advanced. Introducing the iPad Copilot and iPad Pseudo Glass

You may already know the basics of using the iPad in aviation, but are you well versed in the limitations of apps and how to overcome them? How about being really prepared for that emergency you hope never happens? Attend and find out how this incredible and affordable tool is making flying easier and safer.

Directions: From I-25 and E. Arapahoe Rd., proceed east to S. Peoria St. Turn right. At the entrance to Centennial Airport turn right. Turn left into the Hotel parking lot just before reaching the control tower.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!
